SUMMARY

Full-Stack Developer with expertise in JavaScript, React.js, Node.js, and MongoDB. Experienced in building scalable web applications and RESTful APIs using the MERN stack. Successfully optimized backend performance to improve load times. Skilled in collaborating with cross-functional teams to deliver high-quality solutions under tight deadlines. Committed to continuous learning and contributing to innovative projects.

EDUCATION

National Textile University, Faisalabad, Punjab

Bachelor of Science in Software Engineering

Expected Graduation: May 2025

TECHNICAL SKILLS

- **Software/Tools:** Visual Studio Code, Git, Postman
- **Programming Languages/Frameworks:** Node.js, Express.js, React.js, JavaScript, HTML5, CSS3, Tailwind CSS
- **Databases:** MongoDB, MySQL
- **Other:** RESTful APIs, Version Control (Git), Agile Development

PROFESSIONAL EXPERIENCE

Full-Stack Developer

June 2023 – September 2023

Csoft, Faisalabad

- Developed and maintained scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Collaborated with designers, product managers, and QA teams to deliver high-quality software solutions on time.
- Designed and implemented RESTful APIs while optimizing backend performance, reducing load time.
- Participated in code reviews and adopted Agile methodologies to enhance team productivity.

Projects (GitHub Repositories Linked)

SEOLINKBUILDING

- Developed a platform for publishers and advertisers to buy and sell ad spaces, implementing PayPal integration for secure transactions and a scalable backend for smooth operations.

Re-fashion Hub –

- Built a marketplace for buying, selling, and renting fashion items, featuring an intuitive UI, efficient search filters, and optimized API performance for seamless transactions.

Medical Publications

- Created a CMS for managing medical publications, enabling easy content creation, role-based access control, and efficient data storage using MongoDB.

E-Commerce Store

- Developed a full-featured e-commerce platform with an admin panel, order tracking system, and Stripe integration, ensuring secure payments and streamlined inventory management.

AI Prompt Sharing

- Designed and built a platform for creating, sharing, and reusing AI-generated prompts, featuring real-time updates, user authentication, and a responsive UI.

CERTIFICATES

GitHub Mastery Workshop Certificate

December 2023

- Completed Unleash GitHub Effective Collaboration workshop Gained proficiency in advanced GitHub version control techniques

Web Development Internship

July – September 2024

- Web Development Internship - CSOFT Systems (July-September 2024) - Successfully completed 3-month internship in Web Development - Recognized for dedication, adaptability, and meaningful project contributions
